RE: Business Opportunity Rule, R511993

Dear Sir or Madam:

I am writing to you because I don't like the proposed Business Opportunity Rule R511993. In effect you will suppress the legal ethical companies and give a clear playing ground for scoundrels.

This law in the effect to regulate, will increase the very thing it is "designed to stop"

I quote Will Rogers:

Why don't they pass a constitutional amendment prohibiting anybody from learning anything? If it works as well as prohibition did, in five years Americans would be the smartest race of people on Earth.

My Point: It will now work.

Or perhaps that is the intent all along, as a ploy to grab more power from the very people government serves.

This is not the purpose of our government, If you are quick, read the construction of the United States of America, before it is forever changed beyond recognition.

No man is good enough to govern another man without that other's consent.
